## PRESS RELEASE

May 18, 2026

### BMG hires a new VP of Global Aftermarket Parts and Services

Beaverton, MI (May 18, 2026) – BMG is a global leader in full-service thermoforming packaging and automation technology. This group of highly skilled personnel has historically been a global leader in developing and manufacturing industry-changing improvements across the entire thermoforming end-to-end process, benefiting packaging manufacturers for years. BMG continues to engineer innovations that provide its customers with world-class technology solutions, shorter developmental lead times, outstanding executional design flexibility, and access to its global parts and services support systems.

#### **BMG has brought in a seasoned veteran to guide its aftermarket parts & services offerings.**

They are excited to announce that Barry Harris has joined the team as Vice President of Global Aftermarket Parts and Services, where he will lead integral initiatives focused on profitable growth and enhanced services centered around customer success.

In his new role, Barry will oversee global growth strategies across all of BMG's aftermarket parts and service portfolios. He will guide the development and execution of key commercial initiatives—including account management, channel expansion, and the coaching of high-performing, cross-functional teams. His priorities will include optimizing parts and service offerings, strengthening brand positioning, and driving long-term customer retention and growth.

Mr. Harris brings more than two decades of experience advancing aftermarket growth for leading industrial manufacturers. Throughout his career, he has consistently delivered strong B2B results by scaling revenue, expanding product portfolios, and building market-leading digital and go-to-market capabilities across commercial markets.

*“I’m thrilled to be joining BMG at such a pivotal moment in its growth. Together, we will accelerate aftermarket success, drive strategic execution, and strengthen BMG’s reputation as the most trusted manufacturing partner across our global markets,” said Barry Harris.*

Most recently, Barry served as Vice President of Global Marketing and Business Development at Cloyes Gear & Products, where he led market positioning and aftermarket growth strategies. Before that, he held leadership roles in the aftermarket in Sales, Marketing, and Category Management at The Timken Company, playing a key role in expanding market share and elevating brand recognition among automotive and heavy-duty customers.

*"We are pleased to welcome Barry to our executive team," said Tim Carpenter, CEO at BMG. "His extensive aftermarket expertise and proven ability to drive revenue growth and customer-centric innovation will be instrumental as we expand our global parts and services capabilities."*

BMG continues its commitment to assisting customers in need of thermoforming packaging/automation solutions with an acute awareness and attention to detail when it comes to providing true turnkey solutions while taking into account the need for shorter developmental timelines, increased ROI, reduced cost of doing business, and an unparalleled service commitment rivaled by none worldwide.

### **BMG. Shaping Next.**
