

Robotic Palletizer

Robotic Palletizer

Efficient and safe solution for automating stacking

The NAS robotic palletizer goes beyond other collaborative palletizer capability. This industrial-strength palletizer stacks directly onto pallets, conveyors or directly onto a stretch wrapper.

The Fast, Efficient & Easy-to-Operate Robotic Palletizer

FEATURES

- › Yaskawa Motoman Robot and Controller
- › End Of Arm Tooling (EOAT)
- › Standalone Control System
- › Fully enclosed guarding
- › Stacking on Pallets, Conveyors or Directly onto a stretch wrapper available
- › Two Separate Lane Pick Points
- › Electrical Requirements: 480 VAC, 60 Hz, 3 phase.
- › Air Requirements: 80 psi clean dry air
- › High resolution 10" color screen HMI panel. 24 VDC control voltage
- › PLC Controls: Allen Bradley
